

Introduction

Working With Piratechs

So, you've decided to go with Piratechs for your Website Design & Development... Well, thank you so much for considering this company! Piratechs has helped many companies achieve their business goals and get an online presence // storefront up and running to generate and increase overall traffic to your operation!

We take Design & Customer Experience to the next level, paying close attention to Detail & Communication to ensure you are seeing updates and changes being made to your website throughout the entire development process.

In order to Facilitate the best possible application for all your needs, please continue on to the next few pages to view what materials and content I need from you to begin!

IMPORTANT: Also, please make sure to look over Pages 5, 6, and 7 especially carefully to fully understand pricing and terms before you sign & submit!
